Dear Barry:

On behalf of the New York City Police Department and the Police Academy's Leadership Training Section, I would like to extend my appreciation to you for facilitating the "Memory Shock" course offered to our executive group on October 25, 2011. Although I formally presented you – as I do all our facilitators – with a *Certificate of Appreciation*, I wanted to follow up with a note acknowledging the painstaking effort you obviously put into tailoring the offering for our executives. Not only were the strategies and tips you shared well received, but many in attendance would have liked to have several more hours with you to continue reviewing your system. I commend you on your course content as well as on your instructional style; both were an absolute hit with our audience.

I look forward to working with you to include the "Memory Shock" course in future semesters, as I would like to introduce your system to more of our agency leaders. Thank you again for participating in our program, and for your warm support of the NYPD leadership training curriculum.

Sincerely yours,

Captain Daniel E. Sosnowik
Commanding Officer
Leadership Training Section, NYPD
